2016-2017 TITAN XD; DIESEL EXHAUST FLUID (DEF) AND DIESEL FUEL CONTAMINATION PRECAUTION

APPLIED VEHICLES: 2016-2017 Titan XD (A61)
APPLIED ENGINE: Cummins 5.0L V8 Diesel

SERVICE INFORMATION

CAUTION:

Contamination of the Diesel Exhaust Fluid (DEF) system with fluids other than DEF can cause permanent damage to the components of the DEF system.

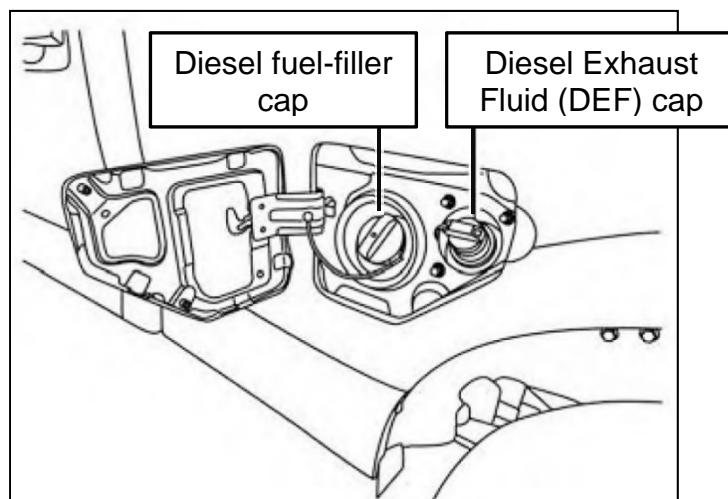

CAUTION:

Putting DEF or gasoline into the diesel fuel system will contaminate the entire system and can cause permanent damage to the components of the diesel fuel system.

IMPORTANT:

Damage to either of these systems due to contamination is not covered by the Nissan New Vehicle Warranty and will be the responsibility of the vehicle owner.

Vehicle owners must be extremely careful to put the appropriate fluid/fuel into the appropriate tank.

Nissan Bulletins are intended for use by qualified technicians, not 'do-it-yourselfers'. Qualified technicians are properly trained individuals who have the equipment, tools, safety instruction, and know-how to do a job properly and safely. NOTE: If you believe that a described condition may apply to a particular vehicle, DO NOT assume that it does. See your Nissan dealer to determine if this applies to your vehicle.
