| Affected Models/Years: | Affected Population: | Dealer Inventory: | SERVICE COMM Deactivation date: | Stop Sale In Effect |
|------------------------|----------------------|-------------------|---------------------------------|---------------------|
| MY2017 Altima (L33) | NA | 408 | October 22, 2016 | NO |
| MY2017 Maxima (A36) | | 152 | | |

******* Detailed Information *******

On October 14th, 2016, Nissan announced a Quality Assurance (QA) Hold on certain MY2017 Nissan Altima and Maxima vehicles identified in Service Comm as a precaution. Further investigation by Nissan confirmed the subject vehicles meet Nissan's standards and applicable regulations and require no further action. Accordingly, the Quality Assurance Hold is rescinded.

IMPORTANT: Effective immediately, the Quality Assurance Hold is rescinded and the subject vehicles may be released for sale.

******* What Dealers Should Do *******

1. Effective immediately, dealers may release for sale any vehicles in dealer inventory affected by this quality hold.

Thank you for your prompt attention to this matter.
