## **Text**

### **DESCRIPTION:**

\*Some model year 2014 vehicles have been added.

Volvo Cars of North America, LLC and Volvo Cars of Canada Corp. has voluntarily decided to further extend warranty coverage on certain model year 2010 – 2014 S80, S60, V70, XC70, XC60, XC90, S40, V50, C30, C70 models. Volvo has determined that there is the potential for the VOLVO emblem on the radiator grille Iron Mark logo to peel off.

The corrective action is to replace the VOLVO emblem on the radiator grille Iron Mark logo, if the vehicle displays the condition listed in this technical journal.

For eligible vehicles that are beyond the manufacturer warranty period, Volvo will extend the warranty coverage for the Volvo emblem on the radiator grille Iron Mark logo for 8 years unlimited mileage from the original vehicle in service date. Coverage is limited to the symptoms described in this bulletin for the Volvo emblem on the radiator grille Iron Mark logo only.

The 8 year extended warranty only applies to vehicles which have exceeded the 4 year or 50,000 miles / 80,000 kilometers New Vehicle Warranty by time or mileage.

The limitations and conditions for this extended warranty are identical to the Volvo New Vehicle Warranty. Please refer to the Warranty and Maintenance Records Information booklet for details.

### **SERVICE:**

The corrective action is to replace the VOLVO emblem on the radiator grille Iron Mark logo, if the vehicle displays the condition listed in this technical journal.

### Color symbols

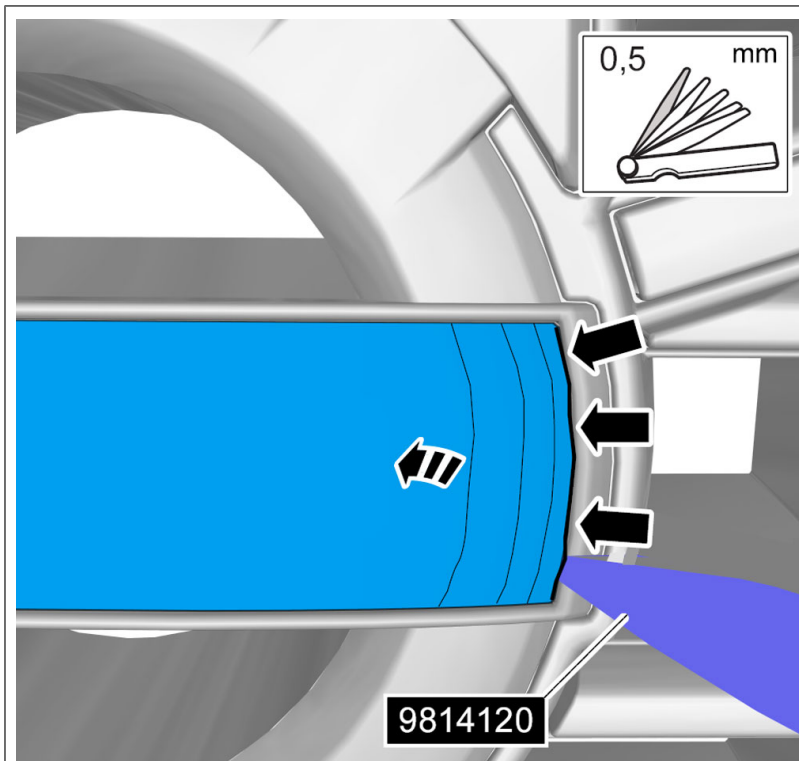

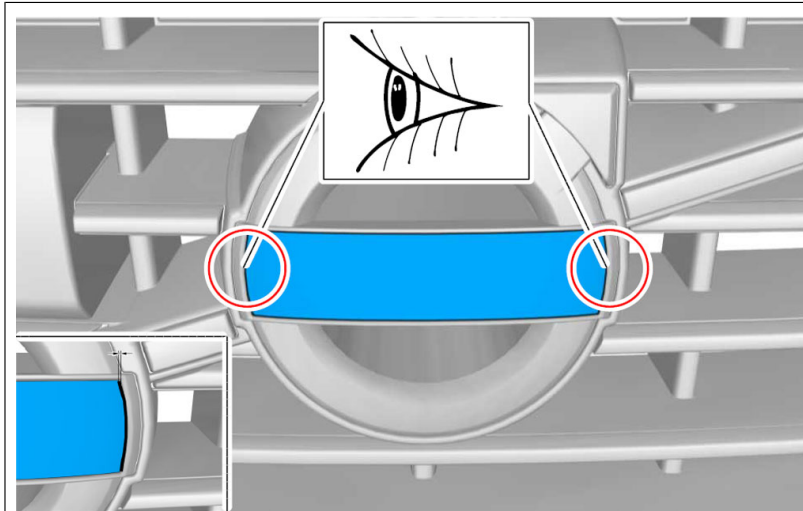

**Note!** This colour chart displays (in colour print and electronic version) the importance of the different colours used in the images of the method steps.

- 1 . Used for focused component, the component with which you will do something.
- 2 . Used as extra colors when you need to show or differentiate additional parts.
- 3 . Used for attachments that are to be removed/installed. May be screws, clips, connectors, etc.
- 4 . Used when the component is not fully removed from the vehicle but only hung to the side.
- 5 . Used for standard tools and special tools.
- 6 . Used as background color for vehicle components.

### Orientation view

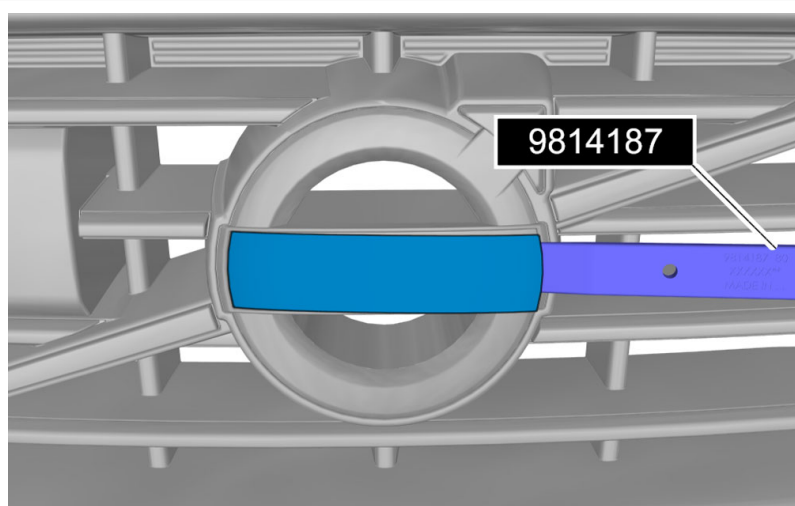

## Removal

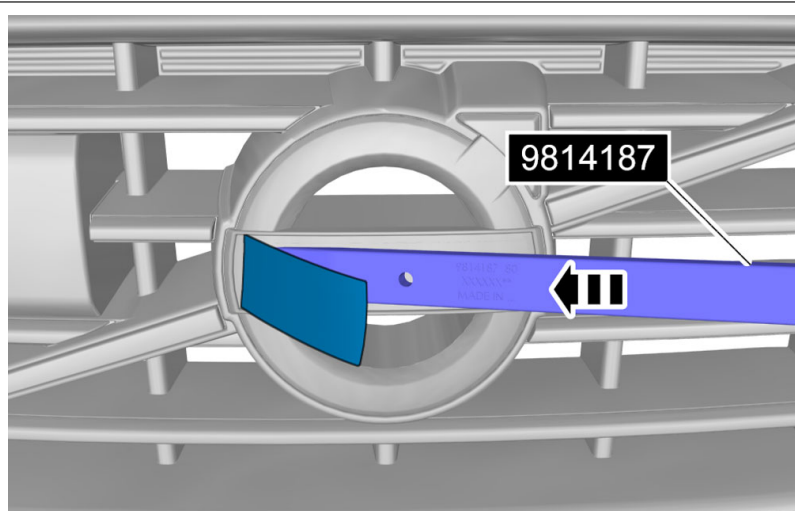

**Caution! Observe caution when carrying out this step.**

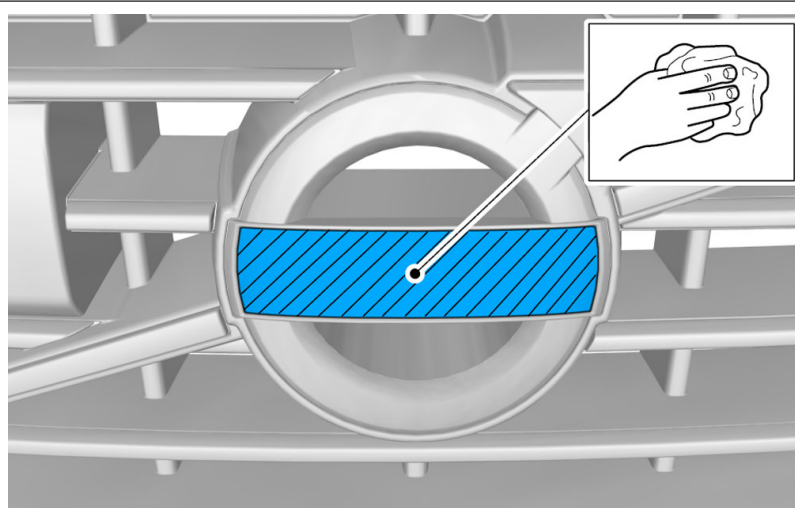

Special Tool: T9814120, Feeler gauge

Special Tool: T9814187, Clip tool

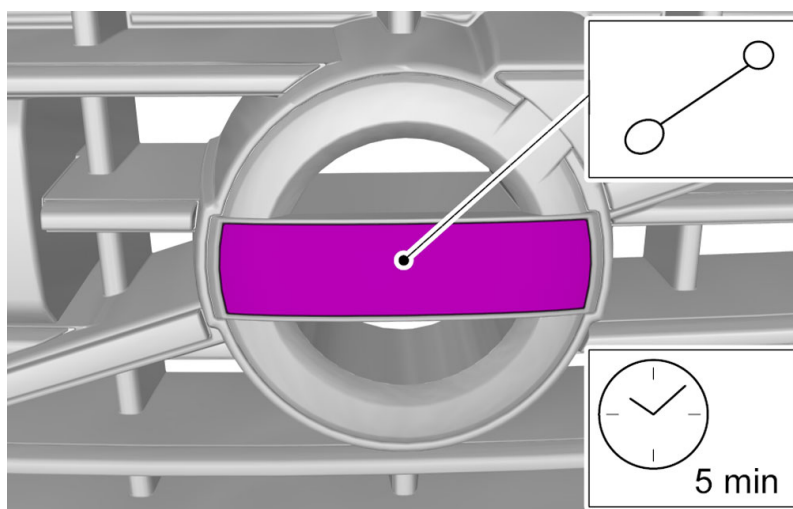

### Installation

**Use:** H Cleaner , 1161436

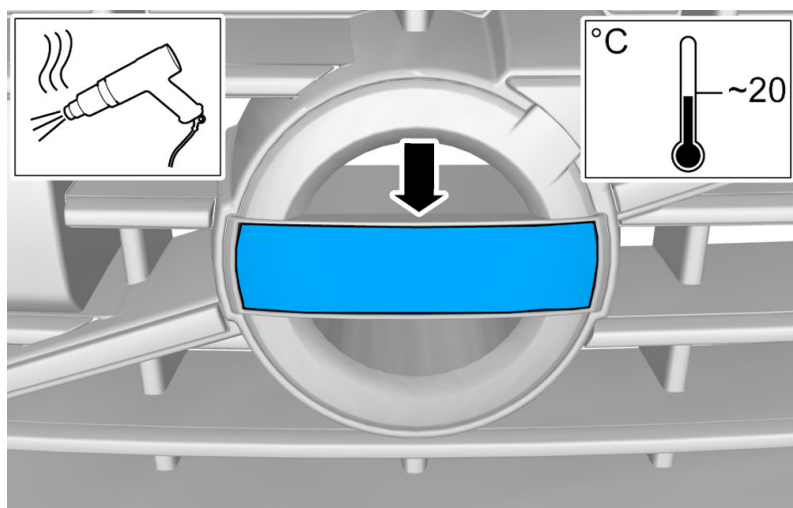

**Warning!** Be prepared to collect escaping fluid.

**Caution!** Make sure to protect adjacent surfaces or components.

**Use:** Wurth primer 089391013

Allow to dry.

**Caution!** Make sure that the component is not bent.

**Caution!** Make sure that equal pressure is applied to the full length of the component.

**Note!** Make sure that the mating faces are at a minimum temperature of 20°C.

**Note!** Make sure that the customer is advised not to wash the vehicle within the next 72 hours.
