Front License Plate & Mounting Bracket Installation

Repair Procedure

1. Align the holes "A" of the front license plate mounting bracket with the dimples on the radiator grill.

HINT

- Holes "A" are used for installation of the front license plate mounting bracket to the radiator grill.
- Holes "B" are used for installation of the front license plate to the mounting bracket.

2. Attach the hooks of the front license plate mounting bracket to the air intake of the radiator grille and hold in place.

Front License Plate & Mounting Bracket Installation

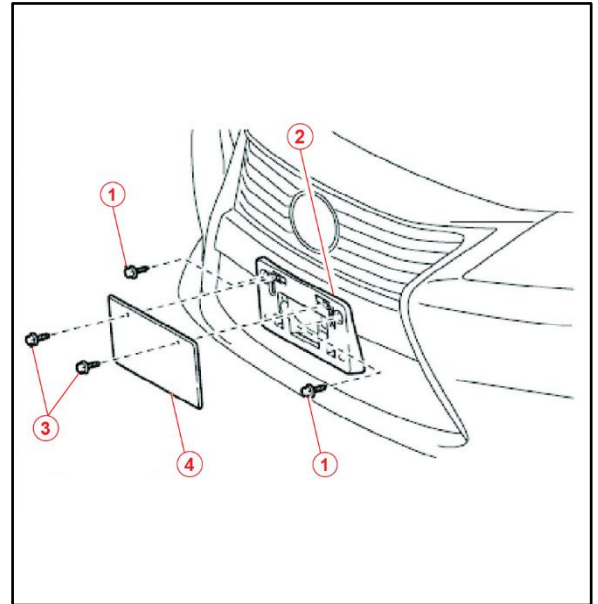

Repair Procedure (Continued)

3. Install the front license plate mounting bracket to the radiator grille using 2 self-tapping screws.

HINT

Tighten the passenger's side (round hole) self-tapping screw first, and then tighten the driver's side (slotted hole) self-tapping screw. Do NOT over-tighten the self-tapping screws.
