Background

American Honda (AHM) is investigating certain 2013 Civics with a customer complaint of the starter not starting intermittently. To fully understand the cause of this condition, AHM would like to inspect the vehicle prior to you attempting a repair of any kind.

Qualifiers

AHM is interested ONLY if the vehicle meets the following requirement:

1. No Si, Hybrid or NGV.
2. No history of starter replacement.

Action Required

If you have or know of such a vehicle, please call the Technical Research & Support (TRS) Group at 800-880-1072. TRS will need to record certain vehicle information and provide you with further instructions.

Thank you.
