Content

Issue: Customers are reporting various squeaks & rattles or vibration noises from around the vehicle.

Cause: There are various root causes and areas around the vehicle that have been associated with these noises. TOPIx will support you through diagnostics.

Action: Please review the TOPIx Work Shop Manual (WSM) for the latest diagnostics and testing procedure:

- 5 Body & Paint
- 501 Body & Paint
- 501:00 Body Systems General Information
- Diagnostics and testing
- Squeaks and rattles

JLR will continue to develop the WSM.

Technicians - Please rate this SSM and provide comments so that future communications can be improved.

1 = Poor – Basic information provided – The SSM does not help me resolve the customer concern.

3 = Average – Adequate information provided – The SSM partially helps me resolve the customer concern.

5 = Excellent – All required information provided to resolve the customer concern.
