

# Warranty - Technical Support – Service Operations

**Audi Warranty, Technical Support, Service Operations  
Communication**

**Number: AWC 16-04**

**Subject: 2017 R8 engine codes CSPA and CSPB notice**

**Date: Feb 12, 2016**

**To: U.S, Puerto Rico Dealers**

This document conveys General  
Information.

If you have a MY2017 R8 and ODIS prompts you to select an engine code, select engine code CXJA for the 5.2L. Even if the Elsa repair manual calls for an engine code CSPA or CSPB, use engine code CXJA instead.

We have been notified that during the development of the latest ODIS software, both engine codes CSPA and CSPB had an issue communicating with the ECM which might cause misdiagnosis during repairs.

This software concern has been corrected on the next ODIS Brand release due in CW14, but until then, use engine code CXJA for your diagnosis.

Thank you.
