Workshop Equipment

Number: VSE-16-01

Subject: 1.4L TSI Engine MRT Auto Shipment AT-382

Date: January 4, 2016

Volkswagen Group of America is pleased to inform you of the release and automatic delivery of required special tools used to perform repairs on multiple Volkswagen vehicles and vehicles with the 1.4L TSI engine. Details on the following topics will be covered in this circular.

1. Auto Shipment – Details regarding new minimum required tools.
2. Rental Program – Details regarding newly added tooling.

Starting January 25, 2016, every Volkswagen dealer will be shipped one AT-382 Special Tool Package, Freight F.O.B. Snap-On OEM and invoiced directly by the Volkswagen Special Tools Program (Snap-On Business Solutions - SBS).

For dealers that wish to order additional AT-382 Special Tool Packages, please notify the Volkswagen Tools and Equipment program by contacting us at (800) 892-9650. Additional orders will be filled in the order they are received after the automatic distribution has taken place.

Shipping and billing inquiries should be directed to the Volkswagen Tools and Equipment program at (800) 892-9650.

<u>Franchise Type</u>	<u>Package Qty.</u>	<u>Dealer Price USA</u>	<u>Dealer Price Canada</u>
VW Exclusive	3 tools	\$73.70	\$129.85*

* Canadian prices are subject to change. USD to CAD conversion will be calculated at time of invoicing at the current rate. Canadian pricing also accounts for importation costs from US to Canada.

Service Information

1. Auto Shipment

Tool Description	Repair Group	Illustration
T10478/1A - Thrust Piece - Camshaft Used for installing the camshaft oil seal on the 1.4L TSI engine. NOTE: T10478/1 is replaced by special tool T10478/1A. Due to a mechanical design change T10478/1 should no longer be used and should be disposed of. NOTE: This component updates the T10478A to the current requirement standard of T10478B. 1.4L TSI Engine VW Exclusive	15	
T10554 - Camshaft Counterhold Used in conjunction with the T10172 when holding the camshaft adjuster. 1.4L TSI Engine VW Exclusive	15	
VAS531001 - Release Tool Used to release the new style pre-tensioned spring-type clips on coolant hoses. Use of this tool greatly saves time and reduces potential damage in tight spaces. Multiple VW Group Engines VW Exclusive	19

2. Rental Tools

The Volkswagen Special Tools & Equipment Program is happy to announce the addition of two recently released tools to the Tool Rental Program. As an alternative to auto-shipment the tools listed below can be rented on an as needed basis.

Tool Description	Repair Group	Illustration
VAS631001 - Wiring Harness Repair Set - Aluminum This wiring harness repair kit is used to repair damaged aluminum wires used on some recent group vehicles. Copper wires with pre-crimped butt connector included in this repair kit are used to complete repair. Included are three different sizes for making repairs, 2.5mm ² , 4mm ² , and 6mm ² Passat 2016	97	
VAS631003 - Wiring Harness Repair Set - Copper This wiring harness repair kit is used to repair damaged large gauge cables found in the vehicle electrical system. Wires with pre-crimped butt connector included in this repair kit are used to complete repair. Included are two different sizes for making repairs, 10mm ² and 16mm ² Multiple VW Vehicles	97	

To rent these tools, please contact the Volkswagen Special Tools & Equipment Program by calling 800-892-9650. Prior to renting, the dealer is required to complete a Mandatory Rental Agreement. This agreement must be filled out and returned via fax to 800-892-9651.

Volkswagen Special Tools Rental Agreement with Terms & Conditions and pricing can be found by going to www.vw.snapon.com, selecting "Additional Resources" and clicking on "Tool Rental" in the drop down menu.
