2016 Golf, GTI or Golf R with Composition Media Infotainment System – "Park Pilot Not Available" Message on Radio. Rear View Camera May also be Inoperable

On vehicles with a "Park Pilot Not Available" message displayed on the radio screen at times (this message appears due to a loss of video signal and is not a coding issue), first verify the connections at the radio (pins 6 and 12 of the blue quad lock connector) and at the camera are secure and have good pin tension.

If there are no connection issues <u>and</u> the radio software level is at 0613, the first step of the 91N9 Update should be repeated:

- 1. Insert the SD card from the 91N9 Update, P/N: SW0613UD, into the 5F module SD card reader located in the glove box.
- 2. Select "Setup" on the touch screen main menu.
- 3. Select "System Information" on the touch screen menu.
- 4. Select "Update Software" on the bottom of the touch screen menu.
- 5. A screen displaying "Available data: ALPS_BT Version 0001 should appear. Select "Next" at the bottom of this screen.
- 6. The "Device not ready" screen will be displayed temporarily.
- 7. After this screen is displayed, the Infotainment system will reboot and return to the normal operating mode.
- 8. If the unit does not restart within 2 minutes, turn the unit ON using the ON/OFF button (volume knob).
- 9. With the scan tool, select the Special Functions tab, select the Control Module Software Configuration test plan and perform this test plan for address word 5F.
- 10. Test operation of the rear view camera by putting car into reverse several times.
