

Pursuit/Prestige Fridge Vent Water Divert TSB #19-12-12-#1

- 1) Remove lower fridge vent.

- 2) Clean fridge shelf surface.

- 3) Apply 5/8 bulb seal to shelf diverting water to the drain.

- 4) Silicone 5/8 bulb seal and ends.

- 5) Strike off silicone against bulb seal and clean area.

- 6) Replace the fridge lower vent.

This job should take no more than .3 to complete

If the fridge shelf has a drain pan the 5/8 bulb seal will be placed even with the inner flange of the drain pan.
