## 96 Advanced Key: opening on door handles does not work after a stationary period

96 16 10 2045719/1 October 24, 2016.

Model(s)	Year	VIN Range	Vehicle-Specific Equipment
A4	2016	All	Audi advanced key
A4	2017	A000001 – A064531 Or N000001 – N036186	Audi advanced key
Q7	2016	All	Audi advanced key
Q7	2017	000001 - 021163	Audi advanced key

## Condition

After a stationary period of more than 72 hours, vehicles equipped with advanced key cannot be unlocked by grabbing the door handle. The vehicle can only be unlocked by using the remote.

After an ignition cycle the advanced key will work again.

## Technical Background

After 72 hours the door handle sensors are deactivated. Pulling the door handle twice does not restore the function. This is not correctly described in the owner's manual.

## Production Solution

Vehicles produced after CW45/16 the touch sensors in the handles will no longer be deactivated after 72 hours.

## Service

Not applicable.
