

Retrofit of fixed rear wing - rear spoiler

Topic number	LI77.25-P-064068
Version	1
Design group	77.25 Wind deflector (spoiler)
Date	05-12-2016
Validity	MODEL 190.3# without SA code B26 (AMG aerodynamics package) or P97 (Special Edition 1 model)
Reason for change	
Reason for block	

Complaint:
Diverse faults after retrofitting fixed rear wing/rear spoiler (message in instrument cluster refers to maximum speed limit, potential fault codes).

Cause:
Unapproved modifications

Remedy:
AMG does not approve of retrofitting a fixed rear wing/rear spoiler, therefore a conversion to a fixed rear spoiler is not supported by AMG.

The only remedy is to return the vehicle to its original condition.

Symptoms
Body / Special-purpose vehicles / Customer request / Nonfunctional
