

Service Bulletin

INFORMATION

Subject: Z06 Brake Cooling Deflectors/Ducts for J56 Brakes (Track Use Only)

Brand:	Model:	Model Year:		VIN:		Engine:	Transmission:
		from	to	from	to		
Chevrolet	Corvette	2017	2017			All	All

Involved Region or Country	North America, Germany, Japan, and Saudi Arabia
Additional Options (RPO)	Equipped with Brake System (J56), Performance Package Z06 (Z07)
Condition	Dealers and customers may request what should they do with the loose shipped brake cooling deflectors, duct and metal wheel blocker rings while performing the pre-delivery inspection.

Correction

J56 brake cooling ducts and metal wheel blocker rings are intended for track use only.

The parts should not be installed during the PDI process. Only the front lower control arm deflectors should be installed during the PDI process.

Only install the front lower control arm plastic brake cooling deflector during the PDI process.

The additional brake cooling parts should be provided to the customer. The customer may want the parts installed prior to their track event.

Modified	

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
