Effective immediately, a rental allowance of up to \$50 per day has been agreed to for the WDT-65 Steering Column Stop Sale and Recall. This \$50 rate applies ONLY to WDT-65 for non-SSLP cars. SSLP cars will still be reimbursed at the \$35 rate.

Retailers will enter the rental amount in the sublet field along with any charges for off-site vehicle inspections (if applicable). Claim comments need to explain these charges and documentation must be retained by the retailer in accordance with current policies and procedures.

In the event a customer obtained a rental vehicle on their own, rental reimbursement of up to \$50 will also be allowed through the Customer Retailer Services Dept. (CRS).

Thanks for your assistance
