

<b>Subject</b> <b>Brakes Make Squawking Noise When Brake Pedal is Pressed</b>		<b>Market</b> USA
<b>Service Category</b> Brake	<b>Section</b> Brake Control/Dynamic Control System	
<b>Applicability</b> 2016 RX450h		

**APPLICABLE VEHICLES**

2016-2017

RX450H

**CONDITION**

Some vehicles may experience a squawk type noise when pressing down on the brake pedal.

**RECOMMENDATIONS**

If this condition is found, do not proceed with diagnosis or repairs and follow the instructions below.

- Please create a TAS case and contact Technical Assistance (TAS) to submit details on any vehicle identified matching the condition described in this document prior to repair.
- If you are attempting to contact TAS on a weekend or TMS holiday, submit the requested information on the next available work day. Retain all replaced parts and technician notes for possible review with TMS TAS Product Engineer.
- When creating a TAS case, use the following case coding to ensure it is directed to the
  - Chassis group:
  - Brake - Brake Control/Dynamic Control System - ABS - Noise-Abnormal
