INSTRUCTION SHEET K6855902AB

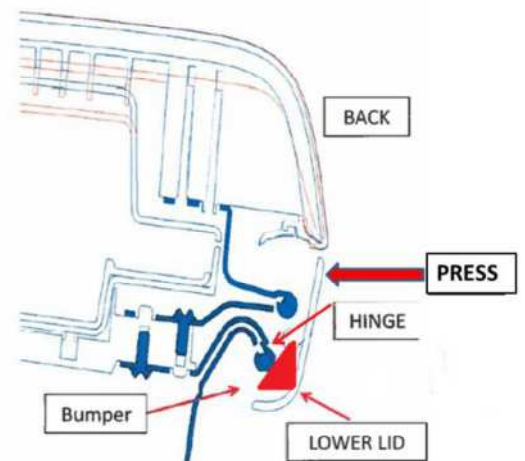

1. Remove the rear panel from the back of the center console (4 clips secure it in place)
2. Take the bumper out of the package and remove the tail using scissors.

3. Locate the center of the lower lid and insert the bumper between the 2 notches shown below.

4. To assist in the installation of the bumper, press on the back wall of the lower lid.
5. It will take good effort to push the bumper in flush with the edge of the lower lid.

6. Once the bumper is in place, reinstall the back of the center console, taking care that all 4 clips engage.
