

DELIVERY STOP: CHECK THE CHARGING PROCESS OF THE HIGH-VOLTAGE BATTERY

MODEL

F15 PHEV (X5)

SITUATION

A Delivery Stop has been issued on the F15 PHEV (X5) produced from September 23, 2015 to September 30, 2016. These vehicles will need to have the charging component of the high-voltage battery checked.

Approximately 63 vehicles are affected by this stop. Vehicles which are affected will show the campaign as "Open" when checked either in AIR or ISPA Next. Once the Warranty Vehicle Inquiry system is updated on Wednesday, December 14th, 2016 it will display the same information. The affected vehicles will be identified with the comment: STOP011916 B61 28 16 High-Voltage Battery.

This bulletin will be updated with repair instructions and warranty information when they become available.

For your convenience, a VIN list of affected vehicles is attached.
