

SI B63 01 16
Lights

January 2016
Technical Service

SUBJECT

G12 Light Function Operation

MODEL

G12 (7 Series Sedan)

SITUATION

Customers are unsure of the behavior of the lighting functions and the operating logic.

CAUSE

G12 lighting functions and operational logic are new.

CORRECTION

Customer education.

INFORMATION

- • The expected behavior of the lighting functions and the operating logic depends on door lock, door open switch and the ignition switch positions:
 - Parking
 - Residing
 - Driving (Include MSA)
- Before diagnosing customer reported lighting problems, review main lighting function chart.

The main lighting function chart is attached to the SI.

WARRANTY INFORMATION

Not applicable.
