Re: MINI Thermostat Housing (Update 14)

Dear Parts and Service Managers,

Part number 11 53 7 534 521 remains blocked from ordering. Please refer to EPC with the VIN as there may be other part numbers available for your vehicle.

The supplier continues to experience delays from the sub-supplier. **Parts from the supplier are expected to arrive in Germany the end of March and continue each week thereafter.**

There are 552 pcs available in dealer inventory. Please schedule your customers according to your stock availability or use locator to assist each other.

We will continue to provide weekly updates and unblock the parts once we have stock in transit.

Thank you,
Parts Logistics
