Subject: Delivery Stop: I12 (i8) Passenger-Side Front Air Bag

Message Recipients: General Managers, Sales Managers, Service and Parts Managers, Service Managers, Shop Foremen, Service Technicians

Message Text:

BMW AG has issued a Delivery Stop for I12 (i8) with a potential of the front passenger-side air bag not installed properly. At this time, a repair solution is being developed. You will be update when information becomes available. There are a total of **three (3)** vehicles affected. The vehicles in center inventory will be stopped today under "vehicle comments" in the key reader with the message: "A Delivery Stop has been issued for this vehicle. Dealers must ensure that all Campaigns are completed before retail delivery to the customer. Situation – Passenger-Side Air Bag."

Please be reminded that it is a violation of Federal law for you to sell, lease or deliver any vehicle covered by this notification until the delivery stop repair has been performed. This means that centers may not legally deliver new motor vehicles to a consumer until it is fixed or use/sell replacement equipment/parts subject to a delivery stop. Note also that substantial civil penalties apply to violations of this law. Also, you should not sell, lease or deliver any Certified Pre-Owned or used vehicles subject to a delivery stop until the repair is completed.

Sincerely, Eugene Aton, Technical Service
