GRUSB0116-06

While mid-year model/equipment level changes to vehicles commonly occur within the automobile industry, as previously announced, BMW of North America, LLC (“BMW NA”) has decided to offer this “newer equipment level” to eligible early-adopter G12 (7 Series Sedan) owners/customers that qualify.

PROCEDURE

For the vehicles noted above, if an owner/customer requests an additional key remote key fob*, your center can order, supply and retrofit “one additional or a second” complete key remote fob* at no cost to him or her.

Your center must order the specific remote key fob that matches the customer’s vehicle (VIN) and the valet insert to create a complete key fob.

The standard secure key ordering process and the applicable “manually teaching-in the new remote” procedure apply. Please see the attachments for more information

Important note

Reimbursement for this vehicle-specific retrofit procedure can only be submitted “one-time.”

Before ordering another complete key remote fob for a eligible vehicle, always check the DCSnet Warranty Vehicle Inquiry’s “Repair History (Claims)” section for “Defect Code 85 10 03 01 NA.”

PARTS INFORMATION

Please refer to the Electronic Parts Catalog (EPC/ETK), using the customer’s VIN to locate the corresponding part number.

Part Number	Description	Quantity
Refer to ETK	Radio remote control without display	1

And:

Part Number	Description	Quantity
51 21 7 409 076	Integrated key (Slide-in key)	1

In order to make the process convenient for your center and our customers, all key coding, programming and related processing will be handled by Parts Distribution in Nazareth.

WARRANTY INFORMATION

The retrofit procedure outlined in this bulletin can be submitted for reimbursement “one-time” on an eligible vehicle during the BMW New Vehicle Limited Warranty for Passenger Cars and Light Trucks’ coverage period of 48 months or 50,000 miles, whichever occurs first.

Reimbursement for this key fob retrofit procedure is through normal claim entry utilizing the following information.

Defect Code:	85 10 03 01 NA	G12 Additional Customer Key Request
---------------------	-----------------------	--

Your center may only submit a claim for the VIN-specific BMW part numbers for the “Radio remote control without display” and the “integrated key” that were ordered and retrofitted to the

vehicle

The simple process of key activation can be completed within minutes, this labor (FRU) is not be eligible for reimbursement.
