Re: Thermostat Housing Situation (Update)

Dear Parts and Service Managers,

Thermostat Housing part number 11 53 7 647 751 is no longer available.

The supersession is currently not showing the new part number, but a ticket has been opened in Germany to resolve this. You can see the link by entering part number 11 53 8 671 513.

The new part number 11 53 8 674 895 is currently in a backorder situation.

Until we have a steady supply from the manufacturer, we will need to maintain an ordering restriction of 5 per day maximum. Any orders over this maximum limit will be cancelled.

Currently there are 1,151 pcs on backorders with 312 pcs in dealer inventory; Please use locator for car down situations.

Germany will ship 450 pcs to the US this week.

Upon stock arrival, we will manually release the oldest backorders first. The oldest backorder is dated 5/14/2016.

Please remove from automatic replenishment and only order as needed.

We will continue to provide weekly updates.

Thank you,
Parts Logistics
