

FIELD ACTION LETTER

2015FA11
March, 2016
Page 1 of 6

SUBJECT: Neutral at Stop (NAS) Feature Enable

MODELS AFFECTED: 1000 and 2000 Series Transmissions

Introduction:

Allison Transmission, Inc. is providing a Customer Satisfaction Field Action to enable the Neutral at Stop (NAS) feature on vehicles equipped with the NAS hardware at no cost.

The NAS feature may have been disabled in vehicles built with NAS equipped transmissions in circumstances including the following:

- No input activation (service brake status) to the TCM.
- Omitted wires (131 and 137) in wire harness from the TCM to the transmission connector for the output.
- NAS feature **disabled** in the calibration.

WARNING: Damage to the transmission may occur if a transmission equipped with the NAS hardware has this feature **disabled**.

Customer Notification:

In order to participate in the NAS enabling initiative, all work must be completed prior to December 31st, 2016. Any repair orders completed after this date will not be reimbursed under this program.

Allison Distributors and Dealers will provide calibration to enable the Neutral at Stop feature.

Warranty claims are to be submitted into the Allison AWAARE system within 30 days of repair.

TCM recalibrating with the NAS feature enabled costs for this Field Action will be handled by Allison Transmission and Allison Transmission Distributors and Dealers.

Allison Service Outlets Field Action Responsibility:

NOTE: To complete this field action, chassis wire harness modification may be required. This modification must be done prior to TCM recalibration by Allison Distributor or Dealer. Refer to Allison Technical Data found on the Extranet for information regarding the TCM Input/Output and associated wiring. Questions regarding these instructions should be directed to the Allison Technical Assistance Center, 1-800-252-5283.

Service Outlets shall take the following steps to recalibrate TCMs in order to enable the NAS feature.

1. Confirm the vehicle has a transmission equipped with NAS hardware, use the Unit History tool on the Allison Extranet.

3. Connect the Allison TCM Reflash™ system and download enabled calibration found in Table 1 below:

Table 2. Calibration Part Numbers

Region	OEM	Original Calibration	Enabled Calibration
UK	Optare	63BR02YP	63BR07TD
UK	Optare	63BR03VM	63BR077M
New Zealand	Higer	63BR0301	63BR07V9
Qatar	Higer	63BR0301	63BR07V9
Australia	Higer	63BR0301	63BR07V9
Turkey	Anadolu Isuzu/NOVO	63BR05JE	63BR07UL
Turkey	Federal Power, Ilhan Ilker	63BR05JE	63BR07UL

4. Reconnect with Allison DOC® tool and restore customer modifiable constants and input/output wire settings to the values recorded in step 2.
5. A test drive is not required.
6. The TCM calibration is now complete.
7. File an AWAARE Claim using information found in tables 2 & 3.

Warranty Information:

Allison Service Outlets shall submit an AWAARE claim for each vehicle completed under this Field Action, 2015FA11. Any additional work shall be claimed separately even if performed simultaneously with another transmission repair (for example, overhaul; solenoid replacement, etc.).

Claim Submittal Information:

Approved Allison Authorized Service Outlets must submit a claim for work performed per this Field Action as outlined in this letter. This Field Action initiative will remain active until December 31st, 2016.

Table 3. AWAARE Claim Variable Values

Claim Type	4
Special Activity Indicator	2015FA11

Table 3. AWAARE Claim Variable Values (cont'd)

Primary Failed Part	400
Complaint Code	AT02
Fail Code	CC03

NOTE: The TCM serial number must be on the claim when using 400 as the Primary Failed Part.

NOTE: Any Diagnostic Trouble Codes (DTC's) must be included in the AWAARE Claim at the time of claim submittal. If no DTC's are present at the time of replacement, use P9999 in the "Diagnostic Trouble Codes" section of the AWAARE claim.

Table 4. AWAARE Claim Labor Variable Values

Labor Operation Code	Labor Hours	Labor Operation Description
96501	0.5 hours	Recalibrate TCM

Allison Service Outlets must follow the published Allison Transmission current labor time guide for work performed.

Any additional parts or labor costs deemed necessary to complete this investigation (for example, travel time) must be completely described, in detail, in the claim narrative; if not, they will be deducted from the claim.
