

Maserati Tech Tips 69

Date: 8/19/2016 Bulletin No.: Tech Tips 69

Description: Levante PDI Checklist

MASERATI

Model Type: Levante (M161)

Model Year: 2017

Subject: Pre-delivery Inspection check list

Attached to this Tech Tips is a PDI checklist that must be performed before delivering the Maserati Levante (M161) to the clients.

After completing the checklist, it must be signed and placed in the vehicle file at your dealership for future reference.

Your attention and care is the way to ensure that customers enjoy the best possible driving experience and to demonstrate our passion for building unique vehicles that convey style and driving performance.

Please review this information with your staff and, if you have any questions contact your Aftersales Business Manager or Maserati Technical Support.
