Subject: E126 – MX-13 EPA2013 MY2015 Replacement of Expiring Test Exemption Label

Dear Peterbilt Customer,

Your vehicle (listed on the back of this letter) has a test exemption EPA label that must be replaced with a certified EPA/CARB label because the exemption expired on December 31, 2015. Failure to replace the test exemption label in a timely fashion could result in significant monetary penalties. Non-compliant vehicles may be subject to EPA fines up to \$37,500 per day, per vehicle.

Please contact a Peterbilt dealership to schedule an appointment for this work. If you've already had this work performed, please disregard this letter. You can find the nearest Peterbilt dealer at Dealer Locator on the website www.Peterbilt.com.

When contacting your selected Peterbilt dealer, refer to campaign **E126** and the VIN listed on the back of this letter. The upgrade will take approximately **1.0 hour** and there will be no charge to you.

We apologize for this inconvenience but ask for your cooperation to ensure continued satisfaction with Peterbilt products.

Thank you,

A handwritten signature in black ink that reads "Douglas H. Gunter".

Doug Gunter
Director of Warranty
Peterbilt Motors Company
