MUD FLAP INFORMATION

Hino DCS has base pricing loaded for mud flaps that are plain (no logo), order as you wish. See QR Guide for most frequently asked questions (freight, MOQ, lead time).

OBTAINING PRICING: Look up the part number in DCS using the DA- prefix. Also use the bulk suffix “-B50” or “-B100”. Use that DNP plus the applicable fees shown below.

CUSTOMIZATION: Customize your look and promote your business by ordering custom-made All-Makes & Models Mud Flaps. Pick your size, material, color and incorporate a logo. Here’s how to order custom Mud Flaps:

1. **Contact AeroPro at 1-800-443-5616 or customerservice@aeroprollc.com for custom design consultation.** Once the design is created & dealer approved, AeroPro will provide a custom part number to the dealer & Hino Trucks.
2. Hino will load the part to DCS.
3. Dealer may then place the order in Hino DCS.
4. Upon shipment, the dealership will be invoiced.
5. Repeat orders for the exact same mud flap may simply be placed in DCS as needed.

All fees for custom logos and OR tooling will be represented on the Hino Trucks Invoice.

Mud flap Type: PROFLEX – (Die cut is available) Unique hybrid of recycled rubber

No setup charge for 2” 3” or 4” **ALL CAPS** block lettering. **(50 piece minimum order).**

Add \$.85 per piece per color for imprinting on 100+ piece orders.

Add \$1.10 per piece per color for imprinting less than 100 pieces.

Add .15 cents per piece for rounded corners.

Add .25 cents per piece for angle cut.

Mud flap Type: POLYPRO – (Die cut is available) Highest quality polymeric materials & elastomeric resins. Resists cracking & breaking under extreme conditions.

No setup charge for 2” 3” or 4” **ALL CAPS** block lettering. **(50 pc minimum order).**

Add \$.60 per piece per color for imprinting on 50+ piece orders.

Add .85 per piece per color for imprinting less than 50 pair

Add .15 cents per piece for rounded corners.

Add .25 cents per piece for angle cuts.

Flap Colors available: White, Black, Silver, Yellow, Red, Royal Blue, Green, Orange, Burgundy, Navy Blue, Purple (there may be an up-charge for certain colors). Check with AeroPro customer service for details.

Mud flap Type: MOLDED RUBBER – NOTE: 8 week lead time

Add \$1.25 per flap for color.

100 pcs. Minimum order.

These flaps also feature the quick change header design that accommodates the industry standard quick change flap bracket. Logo's are painted on using the most up to date rubberized paint available. This will ensure longer lasting logo life.

Logo colors available: White, Yellow, Red, Blue. Also available with angle cut/call for pricing. Call 800-443-5616 for tooling/logo quote.

* Tooling Fee: One time fee for tooling creation for logo (varies from \$300 to \$800 per plate). One time fee only. Added to invoice. All fee’s are not included in the 10% off DNP sale.

Supplier:

Deflecto | AeroPro

AeroPro, LLC., a family owned business started in 1986. Originally AeroPro manufactured polyethylene splash guards. Proflex, which is made of approximately 70% reclaimed truck tires, soon followed. AeroPro has been credited with putting to use over fifty million pounds of landfill tires.

Supplier Information

Over the years we have developed a diversified line of products ranging from mud flaps for the heavy duty truck market, foot pads for lawn & garden equipment, trailer liners and mats for the equine industry, and non-slip rubber pads with adhesive which are currently being installed on Ford, Chevy, and Dodge running boards. We are a single source supplier.

Customer Service & Technical Support

Order Procedures:

All orders are to be placed through the Hino Dealer Connect System (DCS). For special orders or for customer support contact Supplier directly via phone number.

Stock Orders Enter orders in DCS Screen DC202 under Sales Type "S". All direct ship (DS Orders) items will be shipped from a local Supplier PDC.

Emergency Orders Emergency orders (EM) may be entered into DCS screen DC202 as a Sales Type "E" or "V". All emergency orders will be processed with a "rush" order. Freight and Handling fees will be identified on the Hino invoice.

Minimum Order Quantity There is no minimum order requirement on emergency or stock orders, **however to have mud flaps logoed the minimum order quantity is 50 pieces (added cost break at 100 pieces).**

Freight Policy:

Shipments within the Continental United States are pre-paid and added to the invoice. All orders will be shipped via the most efficient method from Dover OH.

Tooling using a new custom logo:

1. Tooling fees vary from \$300-\$800 per plate (1 plate per color). One-time fee only
 - a. Want Free Tooling?
 - i. 1 Color logo's - No tooling charge for orders 200 pcs or more
 - ii. 2 Color logo's - No tooling charge for orders 400 pcs or more

DA-73-0711-41-B1600	1600	Triple Emergency Triangle Kit-Packed in a Red Plastic Box (loose- no carton)	10 plus

Order Fulfillment Policy:

The standard order processing time is 2-5 business days from date of order placement on plain flaps. Custom orders, 2 weeks and "molded rubber" flaps are 8 weeks.

Part Number Pricing:

Pricing will be available on-line in the Hino DCS system. In addition, the prices will be forwarded to your service bureaus within two weeks of each pricing update.

Format:

Standard Part numbers are directly carried over; with a "DA-" prefix. Bulk suffixes have been added to Mud Flap part numbers to show price breaks (-B50 or -B100). Dealer can click on "Search" in DC210 and type in the base prefixed part number, then press enter, DCS will display all part number matches with bulk suffixes.

Mega Fleet:

All-Makes parts are not included in the Hino Mega Fleet pricing file but should be sold to Mega Fleet customers and filed as Miscellaneous Items in Corcentric when submitting for reimbursement.

Warranty:

Please view Supplier warranty documents as warranty varies based on item. Contact Supplier directly.

Shipping Inspection and Damaged Product:

All merchandise should be inspected upon arrival and carrier damage claims should be filed with the carrier immediately. We are not responsible for, nor are we in a position to make a claim after the freight carrier accepts the shipment from us. For excess stock returns, contact the Supplier directly.

Supplier Cross Reference Web Site:

<http://www.aeroprollc.com/>

Conclusion:

Hard work and dedication are the ingredients that have made AeroPro a very successful company. We are committed to providing the best service and quality of product in our industry.

71-1711-00	Window mount	15"W x 17"H	Orange
71-1711-55	Retail Package	15"W x 17"H	Orange

Reflective window mounted warning triangle alerts motorists to roadside trouble. Folding design for easy storage.

SLOW MOVING VEHICLE SIGN

PART NO.	DESCRIPTION	DIMENSIONS	COLOR
70-0110-10	SNV w/ reflector	16"W x 14"H	Orange
70-0110-50	SNV w/ tape	16"W x 14"H	Orange

SAFETY ARROWS

Developed by a state police officer who invented the "Stop Stick®" used by law enforcement officers to put a stop to high speed chases. Seeking a solution to secondary accidents he had witnessed due to stopped vehicles, he invented the Safety Arrow.

Perfect for emergency stops on the road, the ultra-bright reflective safety arrows alert drivers well in advance of potential danger. The folding design makes it compact for storage and the fluorescent yellow surface reflects in all directions that exceeds standard ASTM D4956.

DEF1002M

LEGAL REQUIREMENTS

Trucks moving oversize loads across a state highway system are required to have certain safety banners and warning flags to alert other motorists. The regulations pertaining to these moves are state to state mandated by their DOT. Although not all states have the same regulations, they all accept the same formatting of banners. This allows us to produce one truck banner and one escort vehicle banner that is legal in all 50 states.

OVERSIZE LOAD BANNERS (OSL)

Any commercial motor vehicle transporting a load which extends beyond the sides by more than 4" (10.2 cm) or more than 4' (121.9 cm) beyond the rear must have an OSL banner with letters 2" wide by 12" high on a yellow background attached to the front and back of the truck.

OVERSIZE LOAD BANNERS FOR LOADS OVER 12' WIDE

All movements by a truck with a load wider than 12' must be accompanied by at least one escort vehicle displaying a 12" x 60" OSL banner on either the front and rear of the vehicle or a mounted sign on the roof.

SAFETY WARNING FLAGS

Any commercial motor vehicle transporting a load which extends beyond the sides by more than 4" (10.2 cm) or more than 4' (121.9 cm) beyond the rear must have each corner of the load marked with red or orange fluorescent warning flags at least 16" (45.7 cm) square.

All movements by a truck with a load wider than 12' must be accompanied by at least one escort vehicle. Each escort vehicle is required to have a red or orange 18" x 18" warning flag attached to each corner of the vehicle or one attached to each side of the OSL sign if it is not mounted.

ADDITIONAL STATE REQUIREMENTS

Six states (Washington, Oregon, North and South Dakota, Wisconsin and Minnesota) require a reflective OSL banner on trucks and escort vehicles if the move is after sunset.

Arkansas requires the OSL banner to display the width of the load. Example: Oversize 16' Load. Deflecto offers OSL banners that are spaced to accept numerals between "Oversize" and "Load" so only one OSL banner and number kit is needed to be legal in Arkansas.

MUD FLAPS

Deflecto offers an extensive selection of high quality constructed mud flaps for heavy-duty trucks, trailers and commercial vehicles. Deflecto also offers products for the equine and agricultural industry manufactured through the extrusion or molding of rubber and thermoplastic materials. AeroPro by Deflecto mud flaps are available in a variety of quality materials, sizes and colors that can be easily decorated with custom logos.

PROFLEX

PROFLEX flaps are made from a unique hybrid of recycled rubber that provides the best combination of strength and flexibility. PROFLEX is well suited for hot-stamping or logo art.

DESIGN YOUR OWN MUD FLAPS

We are the leader in the custom mud flap industry. We can turn your logo, business card, letterhead and other artwork into a custom design. Custom logo artwork tooling fees apply and costs vary depending on size and number of colors.

**MULTIPLE
COLORS
AVAILABLE**

Or use our existing tools for trucks, trailers, dozers, cement & dump bodies. There is a 50 piece minimum but no tooling fee or set up charge when using hot-stamped block lettering.

• BLOCK LETTER OPTIONS

- 2" LETTERS – 16 characters per line
- 3" LETTERS – 12 characters per line
- 4" LETTERS – 10 characters per line
- Rounded corners and 45° angle cut available
- Can mix sizes and print colors

SAFETY CHOCKS & BUMPERS

SAFETY CHOCKS

WHEEL CHOCKS

PART NO.	DESCRIPTION	DIMENSIONS
APWC	Safety chock with eyebolt hardware	6" x 8" x 10"
CHUF	Safety chock with U shape metallic handle	7.7" x 9.5" x 6"
LNCF	Low profile safety chock	9.75" x 8" x 5"
WCHF	Wedge chock eyebolt hardware	7" x 9.25" x 8"
APWF	Wedge chock with rubber molded handle	7.25" x 9.75" x 8"

Our chocks and bumpers are made from rubber tire compounds reinforced with nylon and polyester fabric. Their resistance to abrasion, elasticity properties and impact absorption are excellent protection for vehicles and docks. Custom sizes and designs are also available for every need.

BUMPERS

DOCK BUMPERS

PART NO.	DESCRIPTION	DIMENSIONS
NR4F	Molded loading dock bumper	13" x 12" x 4"
NPLF	Molded loading dock bumper	13" x 10" x 4"
PL4F	Molded loading dock bumper	18" x 10" x 4"
RLFF	Molded loading dock bumper	17.75" x 17.75" x 8"
