2015 Product Catalog

Wiper Blades | Snow Tools

2015 AutoTex Product Catalog

AutoTex is the brand of Wexco Industries. Wexco was founded by Paula Lombard and Steve Schwartz in 1991. Originally known as Wipers Express, Wexco has grown from a local windshield wiper distributor into a successful manufacturer of custom engineered OEM wiper systems, aftermarket wiper blades, and new for 2015; Snow Tools!

We continue to innovate in the industry. In 2009, we successfully launched AutoTex PINK, a brand around the cause of breast cancer awareness. AutoTex PINK supports the National Breast Cancer Foundation and the Breast Cancer Society of Canada. AutoTex PINK has raised over \$250,000 to-date. In 2013, we released our complete line of AutoTex Automotive and Heavy Duty Wiper Blades.

In 2015, we are launching some of our most exciting products in our history! New in 2015 is our:

- New-and-improved AutoTex PINK Plus Flex wipers with 100% UV resistant pink carbon frame and an improved rubber compound.
- Newly developed B1Pro Premium Beam Blades.
- Newly developed AutoTex CAMO Flex Wiper Blades. Each blade is manufactured with a 100% UV resistant camouflage pattern on the frame and guaranteed to never fade.
- Developed from the ground up, AutoTex is launching an ultra-premium line of snow tools in our traditional AutoTex yellow, AutoTex PINK, and AutoTex CAMO product lines.

AutoTex Core Values:

- Build movements with great companies and causes
- Create a can-do culture of innovation
- Grow relationships, not just transactions
- Integrity matters
- Quality is our best testimonial
