## MY2017 GM of Canada Chassis Pricing Minotour

---

Attached is the MY2017 GM of Canada chassis pricing.

Once again GM of Canada has offered TBB a generous up front concession which is reflected in these prices. Fleet Operators and Government entities may qualify for additional assistance and these will be handled on a case by case basis.

We have ordered a quantity of MY2017 chassis, some of which will have GM production in September so direct your chassis requests to [Kevin.L.clark@daimler.com](mailto:Kevin.L.clark@daimler.com).

These price sheets will also be placed on the sales portal.
