Engine Coolant Saf-T-Liner C2

PAB #048 incorrectly announced the discontinuation of SCA precharged engine coolant. Codes [D800600000](#) and [FL-103-036](#) will remain available as **optional** equipment to provide SCA precharged coolant should you or your customer prefer it.

The order backlog was updated by FCCC to supply OAT coolant for C2 chassis built on or after **11/14/2016**. We regret any inconvenience this announcement has made for our dealers.

Below is a summary of changes that will take effect in ASIST.

Feature	Description	Action
D800600000	ANTI-FREEZE,PRECHARGED SCA -34 DEGREES	Active.
FL-103-036	ANTI-FREEZE TO -34F, ETHYLENE GLYCOL PRE-CHARGED SCA COOLANT	Active.
