November 2016

**Technical Service Bulletin Notification TSB #16-028**

Dear Valued Jayco RV Dealer:

Jayco has determined that certain Model Year 2017 Precepts require inspection of the sway bar for proper orientation and replacement of the sway bar mounting brackets. The locknuts allow the brackets to be slightly loose, creating noise during certain driving conditions. This is not a safety risk.

Our records indicate the following unit is currently part of your inventory and requires the bulletin repair prior to being sold.

**Serial number**

If you have sold this affected vehicle, please contact the current owner regarding this Service Bulletin and process the Warranty Registration. All pertinent information regarding this Bulletin is on file under the Service and Parts Tab of Jayco Partners. If you have questions regarding this Service Bulletin, please contact Jayco Customer Service at 800-283-8267.

Sincerely,  
Jayco Motorized Division
