Reason for change	Validity and distribution matched
Reason for block	

### Complaint:

The navigation menu cannot be started. The display (A40/8) of the COMAND unit (A40/3, A26/17) permanently shows an "Activating" message.

navi pic.jpg	Display message (A40/8)

### Cause:

Under analysis.

### Remedy:

Hold down the Eject button (for approx. 8 seconds) until the COMAND unit (A40/3, A26/17) performs a reset.

Perform initial startup of COMAND Online (A40/3, A26/17) with Regio DVD 07/16 or later.

### Remark:

If the complaint continues to occur after initial startup, please create a PTSS case.

Symptoms
Communication/information / Communication / Navigation / Navigation - Function / Navigation not selectable/available
