Subject: **MINI Crankshaft Guide Bearing Service Action (Update 2)**

To: All MINI Parts and Service Managers

Re: MINI Crankshaft Guide Bearing Service Action (Update 2)

Dear Parts and Service Managers,

**As a reminder, it is critical that you limit your orders to vehicles that are at your dealer now or are scheduled for repairs within the next few days. Please review the below number of vehicles associated with each bulletin, our inventory in the US has been based on those figures. Therefore we are manually allocating orders each day to ensure supply is available for the specific vehicles involved in these actions.**

**Please remove all part numbers associated with these bulletins from automatic replenishment; only order as needed.**

Service Bulletins Number are:

M11 01 16	<b>52 vehicles affected</b>
M11 02 16	<b>382 vehicles affected</b>
M11 03 16	<b>682 vehicles affected</b>
M11 04 16	<b>396 vehicles affected</b>
M11 05 16	<b>2,465 vehicles affected</b>

Please read each Service Bulletin carefully for parts information as they involved different part numbers for the repair. With the limited amount of vehicles involved, please verify the failure prior to ordering parts.

**As a reminder, all Service Action parts are non-returnable.**

Thank you,  
Parts Logistics
