Re: MINI Thermostat Housing (Update 15)

Dear Parts and Service Managers,

Our first shipment of 800 pieces is being prepared to leave Germany. On Monday, March 21st, part number 11 53 7 534 521 will be unblocked for dealer ordering.

We will only allow orders up to 3 pieces per day in effort to allow everyone the opportunity to receive a portion of the limited inventory.

Your orders will backorder and be manually released in the order received regardless of order type (Stock order, VOR order, Late Day VOR).

During the daily manual allocation process, the part will be blocked from normal ordering at the following estimated times depending on volumes:

10:00 am to 12:00 pm EST and 4:00 pm to 5:00 pm EST

There are 169 pcs available in dealer inventory. Please schedule your customers according to your stock availability and use locator to assist each other.

We will continue to provide weekly updates until sufficient stock is available

Thank you,
Parts Logistics
