

Customer statement / workshop findings

The Owners Handbook kit is supplied in a box within the kit bag which is located in the boot, once opened the contents of the box will be as shown in Figure 1

Figure 1

The items in which this TPI concern are as follows:

- The (RSE) Rear Seat Entertainment booklet (Point A)
- RSE Quick reference guide card (Point B)

Technical background

The RSE booklet and Quick reference guide will be included within the handbook kit regardless if RSE was specified by the customer at the time of ordering the vehicle.

For all Flying Spur Models specified with RSE the new RSE User Guide DVD should be ordered and placed with the Handbook as the functionality and specification of the RSE is now different than instructed within the RSE booklet and Quick reference guide, All correct information relating to the functionality of the RSE system is now incorporated within the User Guide DVD.

The Measure section of this TPI explains the correct next steps which must be taken.

Production change

All Flying Spur vehicles Manufactured after the 19th of August 2013 will have the relevant contents included within the owner Handbook kit

Measure

1.Rear Seat Entertainment booklet and Quick reference guide – All Flying Spur vehicles specified with or without RSE

Referring back to Figure 1

- Should the RSE guidebook (Point A) and/or RSE quick reference guide (Point B) be present within the handbook kit please remove and dispose of both publications

2.Rear Seat Entertainment DVD – Flying Spurs specified with RSE only

- Order an RSE - DVD please refer to the Parts information section of this TPI, once the DVD has arrived at your Dealership place the DVD with the Owners handbook
