

Power Distribution Schematics Added to Next Generation EWDs

AFFECTED VEHICLES

2016 ILX

Just so you know, we've added **Power Distribution** schematics to our **Next Generation EWDs**! You'll find them under the **Navigation** pane on the left side of the screen along with the other schematics.

Schematics > Power Distribution > HOT IN ACC OR ON > ACC_MAIN

Everything is fully integrated and operational using the Next Generation EWD interface that you're already familiar with.

Right now, this feature only applies to the **2016 ILX**. It will be rolled out for all other models by **March 21, 2016**.

Watch for announcements under **WHAT'S HOT** in the Service Information System (SIS).
