

# Service Bulletin

File in Section: -  
Bulletin No.: 16-NA-225  
Date: August, 2016

## TECHNICAL

**Subject:** Diagnostic Tip for Malfunction Indicator Lamp Illuminated (MIL), DTC P2635 Set

Brand:	Model:	Model Year:		VIN:		Engine:	Transmission:
		from	to	from	to		
Chevrolet	Malibu (VIN Z)	2016	2016				

<b>Involved Region or Country</b>	North America and Israel
<b>Condition</b>	Some customers may comment that the Malfunction Indicator Light (MIL) is illuminated. The Technician may find DTC P2635 set.
<b>Cause</b>	This condition may be caused by the following conditions: <ul style="list-style-type: none"> <li>Loose electrical connector at the fuel jet pump.</li> <li>Fuel flowing from the extra port located on the jet pump manifold.</li> </ul>

### Correction

If the DTC P2635 is the only code set, verification of fuel pressure loss must be confirmed to be caused by the fuel bypassing the fuel jet pump electrical connector or the jet pump manifold.

### Service Procedure

1. Remove the fuel pump module. Refer to *Fuel Tank Fuel Pump Module Replacement* in SI.

4546143

2. Inspect the gap between the jet pump and the fuel pump (1).

3. Validate the connector is locked (2) into the jet pump.

4546152

4. Inspect the jet pump manifold (2).
  - If the manifold has two ports (1), the fuel pump module must be replaced.
  - If the jet pump electrical connector has been found to be installed properly and the jet pump manifold has a single port, further diagnosis of P2635 must be performed.

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
