

Service Bulletin

Bulletin No.:

16-NA-275 Date: September, 2016

INFORMATION

Subject: Instrument Panel Fuse Block Cover Incorrect

Brand:	Model:	Model Year:		VIN:		Engine:	Transmission:
Branu.	woder.	from	to	from	to		
Chevrolet	Cruze (VIN B)	2017	2017				

Involved Region or Country	North America, South America, Israel		
Condition	Some technicians may notice that the instrument panel (IP) fuse block cover drawing does not match the Electronic Service Information.		
Cause	This may be due to a harness/fuse block production change for 2017 model year that did not get implemented for the fuse box cover.		

Correction

Refer to SI and/or this bulletin for proper circuit and fuse identification.

Version	1
Modified	

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle. vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
