

Ferrari North America

Technical Information

Date: June 2016
Bulletin #: 2335
Campaign #:
Supersedes:
Section: 10

Model Type: 488 GTB, 488 Spider, LaFerrari, FXX-K
Model Year: All
Subject: Protective vehicle covers

Please note that **Ferrari S.p.A** recommends using the commercially available products indicated as follows to protect vehicles in the workshop.

Protective covers are available for the **488 GTB, 488 Spider, LaFerrari** and **FXX K**.

488 GTB / 488 Spider

All covers are manufactured from highly resilient quilted red PVC and include a resilient anti-slip inner lining, mesh ventilation apertures for the lights and engine, and Velcro fasteners. Each cover is tailored specifically for the forms of the individual model. The covers indicated below are contained in a red canvas bag.

- **Personalized kit** consisting of:
 - **Center tunnel console cover (Fig. 1);**
 - **Front fender covers and front cover (set of 3 elements) (Fig. 2)**
 - **Rear fender covers and rear cover (set of 3 elements) (Fig. 3 and 4)**

Note: the aforementioned covers are also available individually.

Ferrari North America

LaFerrari / FXX K

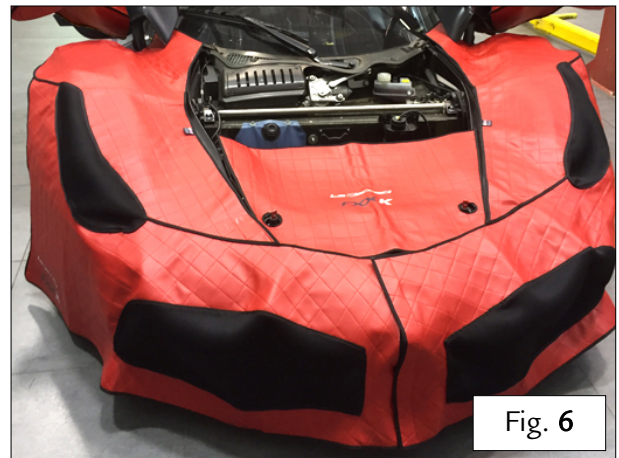

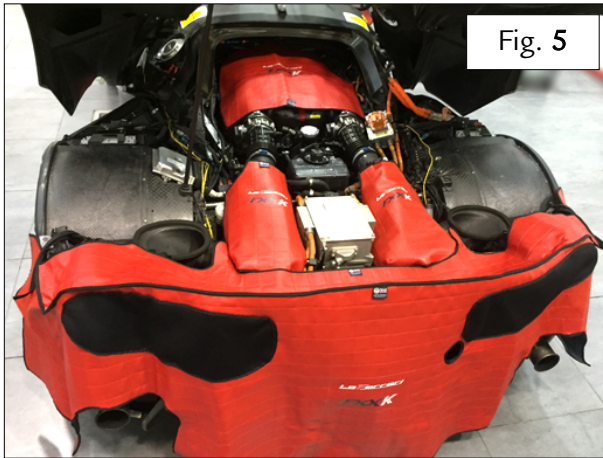

All covers are manufactured from highly resilient quilted red PVC and include a resilient anti-slip inner lining, mesh ventilation apertures for the lights and engine, and Velcro fasteners. Each cover is tailored specifically for the forms of the individual model. The covers indicated below are contained in a red canvas bag.
