FROM: Service Systems Development

SUBJECT: **GHG17 Heavy Duty (HD) Test Electronic Control Units (ECUs)**

ISSUE

Detroit has released essential tools W060589226300 / GHG14-GHG17 Heavy Duty (HD) Test ACM Unit, W060589206300 / GHG17 HD Test MCM Unit, and W060589216300 / GHG17 Medium Duty (MD) and HD Test CPC Unit to assist the technician when diagnosing engine electronics. W060589226300 Test ACM Units are available for diagnostic use with all GHG14 and GHG17 HD DDEC-equipped vehicles. W060589216300 Test CPC Units are available for diagnostic use with all GHG17 MD and HD DDEC-equipped vehicles. Each test ECU will have a white label showing the part number and module type. To help identify the GHG17 test ECUs and increase visibility, the GHG17 ACM and MCM test ECUs will be painted a unique color:

- W060589226300 will be painted **BLUE**
- W060589206300 will be painted **RED**

Note: These ECUs are meant for short-term use in diagnosing potential electronics issues and are not intended for permanent installation.

- Test ACM and MCM modules must be programmed for use. These tools will be shipped to all certified service locations.

ADDITIONAL INFORMATION

Ordering Information: Tools will be automatically shipped and invoiced to your facility during the month of October. Locations that are **NOT** GHG17 DD-certified in SSI will need to order the tools through the Paragon system. Tools can be ordered through Paragon using a DDE supplier prefix:

- DDE W060589226300 GHG14-GHG17 HD Test ACM Unit
- DDE W060589206300 GHG17 HD Test MCM Unit
- DDE W060589216300 GHG17 MD and HD Test CPC Unit
