DESCRIPTION:

IAM = Integrated Audio Module

This is an information TJ to describe the correlation between the map version number, map software part number and map DVD part number in the Sensus navigation system.

SERVICE:

Use the above matrix to determine what map status the Sensus navigation has and if there is a later map version available on DVD.

*The vehicle's current map software part number can be read out in VIDA parameters for the IAM. The current map version can be viewed in the Sensus Navigation menu.

NOTE: Versions with NO DVD part number has been preloaded in the IAM from factory when the vehicle was manufactured. Only the latest versions with a DVD part number are available as an map upgrade.
