## DTC Diagnostic Trouble Codes

## **Text**

### **DESCRIPTION:**

RSI = Road Sign Information

CCD = Center Console Display

If it is not possible to switch off the RSI function by deactivating the function thru RSI button and/or Speed sign Assist button (market dependent), after vehicle is upgraded to new software, then follow the instruction under service.

### **SERVICE:**

Follow attached PDF for saving customer profiles to USB memory stick before completing global reset.

Go into CCD Settings / System / Global Reset / Reset Personal Settings, then push Reset for all profiles.

### **NOTE:**

**Failure to follow instructions to save customer profile will erase data and then need to be reset by customer.**

### **VEHICLE REPORT:**

Yes, please submit a Vehicle Report if the service solution described in this TJ has no effect. Use concern area "Vehicle Report" and sub concern area "Support not needed", use function group 3872.
