

No.: 16 TL-18

October 18, 2016

TO: Service Locations

FROM: Service Systems Development

SUBJECT: **GHG17 Medium Duty (MD) Test Electronic Control Units (ECUs)**

ISSUE

Detroit has released essential tools W936589056300 / GHG17 MD Test ACM Unit and W936589046300 / GHG17 MD Test MCM Unit to assist the technician when diagnosing engine electronics. Each test ECU will have a white label showing the part number and module type. To help identify the GHG17 MD test ECUs and increase visibility, the GHG17 MD test ECUs will be painted a unique color:

- W936589056300 will be painted **BLUE**
- W936589046300 will be painted **RED**

Note: These ECUs are meant for short-term use in diagnosing potential electronics issues and are not intended for permanent installation.

- Test ACM and MCM modules must be programmed for use. These tools will be shipped to all certified service locations.

ORDERING INFORMATION

Tools will be automatically shipped and invoiced to your facility during the month of June. Locations that are **NOT** GHG17 DD-certified in SSI will need to order the tools through the Paragon system. Tools can be ordered through Paragon using a DDE supplier prefix:

- **DDE W936589056300** GHG17 MD Test ACM Unit
- **DDE W936589046300** GHG17 MD Test MCM Unit
