Title	Range Rover & Range Rover Sport (L405 / L494) 2nd Row Laminated Glass, Reddish in Colour
Category	Body
Last modified	15-Jan-2016 00:00:00
Symptom	102000 Window/Glass
Attachments	2nd row Glass.jpg (2nd row Glass.jpg) 2nd row glass 2.jpg (2nd row glass 2.jpg)
Content	<p>Issue:</p> <p>Range Rover (L405) and Range Rover Sport (L494), Customers may report that the 2nd Row Drop and fixed Glass appears reddish in colour when compared to the 1st & 3rd Row Glass. The issue can only be seen in certain direct lighting conditions. See attached photos for examples.</p> <p>Cause:</p> <p>The pigment in the Laminate of the Glass is visible.</p> <p>Action:</p> <p>The phenomena is natural so no action is required, replacing glass after reports of the colour miss-match will not resolve the concern of non-matching materials (toughened / laminate).</p>
