2016-2017 TITAN XD; CORRECT PARKING ANGLE OF VEHICLE WHEN USING ENGINE BLOCK HEATER

APPLIED VEHICLE: 2016-2017 Titan XD (A61)
APPLIED ENGINE: Cummins Diesel

SERVICE INFORMATION

When using the engine block heater (if equipped) on an Applied Vehicle (engine block heater is plugged in):

- Vehicle should be parked on a level surfaces.

Or

- If a level surface is not available, the vehicle should be parked with the front of the truck lower than the rear (nose down).

CAUTION: Use of the engine block heater when parked with the front of the vehicle higher than the rear (5 degrees or more) may cause the engine block heater to become damaged and/or inoperative.

Nissan Bulletins are intended for use by qualified technicians, not 'do-it-yourselfers'. Qualified technicians are properly trained individuals who have the equipment, tools, safety instruction, and know-how to do a job properly and safely. **NOTE:** If you believe that a described condition may apply to a particular vehicle, DO NOT assume that it does. See your Nissan dealer to determine if this applies to your vehicle.
