	NUMBER PS497 (Rev 1, 4/28/2017)	DATE April 2017
 		
SUBJECT: UVO ESERVICES MIRROR BUTTONS (CUSTOMER GUIDE)		

*** NOTICE**

This Pitstop has been revised to include additional information. New/revised sections are indicated by a black bar in the margin area.

This pitstop provides information regarding the functionality of the UVO eServices buttons located on the rear view mirror in some 2016-2017MY K900 (KH), and 2017MY Optima Plug-in Hybrid (JF PHEV) and 2017MY Soul EV (PS EV) vehicles.

In the vehicles equipped with this feature, the button functionality is as follows:

Description	Symbol/Label
eServices Guide	
UVO eServices Voice Local Search	
Roadside Assistance	

eServices Guide

The eServices Guide connects to the UVO center and provides information about the available UVO eServices features.

The eServices Guide is not available if the UVO eServices are not activated or the service period has expired.

UVO eServices Voice Local Search

With UVO eServices network service, you can search for Google provided place names with your voice.

This feature is separate from the voice recognition activated through the steering wheel, and specializes in place name searches.

The search is only available when the communication network is available.

Roadside Assistance

This service provides roadside assistance services through a connection to the UVO center including emergency assistance and vehicle towing in case of a vehicle anomaly or emergency.

Roadside Assistance feature is available without activating the UVO eServices. However, it is not available if the UVO eServices period has expired.

Roadside Assistance is not available in areas without network coverage.
