Attention: All Kia Dealer Principals

Kia Motors America, Inc. is conducting a Voluntary Service Campaign to inspect, clean, and seal, or if necessary, replace the rear wheel speed sensor housing covers on certain 2011-2015 MY Sorento 2-Wheel Drive (2WD) vehicles originally purchased and/or currently registered in the coastal states of Alabama, Florida, Georgia, Hawaii, Louisiana, Mississippi, North Carolina, South Carolina, and Texas. Kia has determined that if the rear wheel hub comes into contact with a significant amount of seawater, the water can enter the rear wheel speed sensor housing covers and may interrupt the rear wheel speed sensor signal and illuminate the Anti-Lock Braking system ("ABS") and/or the Electronic Stability Control ("ESC") warning lights in the instrument cluster.

The Technical Service Bulletin that provides vehicle repair procedures, affected VIN production range, and warranty claim information will be posted on the Kia Global Information System (KGIS) at www.kiatechinfo.com on **May 9, 2017**.

Your Service Manager was sent a copy of the owner notification letter and a Q&A guide for campaign questions both of which describe the issue and information on how to access the list of affected vehicles on WEBDCS.
