RE: Request for Visit: 2016-2017 MDX Automatic Idle Stop Inop

**This message is solely directed to Acura dealership personnel; please handle accordingly.
Print this i/N message and provide a copy to the Shop Foreman and all Service Consultants.**

Background

American Honda (AHM) is investigating certain 2016-2017 MDXs with a client complaint of the automatic idle stop inoperable. To fully understand the cause of this condition, AHM would like to inspect the vehicle prior to you attempting a repair of any kind.

Qualifiers

AHM is interested ONLY if the vehicle meets the following requirements:

1. The following 1 INHIBITED flag must be set on the HDS.
Idle Stop Inhibit (Battery Management System)
2. No repair has been attempted for this issue.

Action Required

If you have or know of such a vehicle, please call Technical Research & Support (TRS) Group at 800-880-1072. TRS will need to record certain vehicle information and provide you with further instructions.

Thank you.
