

Ferrari North America

Technical Information

Date:	June 2017
Bulletin #:	2431
Campaign #:	
Supersedes:	
Section:	10

Model Type: All
Model Year: All
Subject: **Updated Contents with reference to TI 2430**

Please find herein the tables listing the paragraphs in the different Workshop Manuals added to/amended by the most recent Technical Documentation update (ModisCS and Pen-Drive) released on May 17, 2017.

- IMPORTANT -

Please read the contents of these updates carefully to ensure that all vehicle repair procedures are performed correctly to avoid time wastage and ensure rapid problem resolution.

Please note that any repair / replacement work not compliant with the procedures described in the paragraphs listed below will result in rejection of the warranty claim and, as a result, the relative costs incurred will not be reimbursed.

[First release of Technical Documentation for 812superfast:](#)

To guarantee maximum alignment of content for the new model, some information may only be available in Italian and in English.

Translations into other languages are under way and the new completely up-to-date content will be available fully translated with the next update.
