PRODUCT INFORMATION		
This PIB has been created to note the work instructions contained within the Newgle site for installing a super structure to reinforce an HWH slideout wall. Technicians with access to the site will be able to find the instructions at the following location: Slideouts > HWH Hydraulic Flat Floor Slideouts > How to Install a Super Structure to Reinforce a HWH Slideout Wall		

If you have any questions regarding this P.I.B., please contact a Warranty Service Representative at Newmar Corporation.
