QUALITY DRIVEN® SERVICE

SERVICE BULLETIN

APPLICABILITY: All 2018MY Vehicles

NUMBER: 13-100-17

SUBJECT: 2018 MY Paint Coding Information

DATE: 08/10/17

INTRODUCTION:

Note: This is the most accurate information available at the time of printing.

Various paint manufacturers designate their own stock numbers and coding information although many of the major suppliers are now using the SOA paint codes to help eliminate possible confusion. Their color formulations are updated on a continual basis. Some vendors may have different color names than those provided to them by SOA. Be sure to double-check the codes and formulas beforehand to help insure an accurate color match. Should discrepancies arise, please refer your Body Shop contact inquiries to the specific paint vendor or their jobber / supplier for the most updated formula information.

The paint coding information can be found on the vehicle’s VIN plate.

Subaru color codes are three characters in length.

For the 2018 Model Year, Subaru of America is announcing five new colors:

- PAK Sunshine Orange
- PAF Cool Gray Khaki
- P9Y Heritage Blue
- P8Y Magnetite Gray
- M1Y Crimson Red

Along with these new colors, an all-new CrossTrek is being introduced to our line-up for 2018. The 50th anniversary Heritage Blue will be introduced in early 2018. This color information covers all current and the new models.

CAUTION: VEHICLE SERVICING PERFORMED BY UNTRAINED PERSONS COULD RESULT IN SERIOUS INJURY TO THOSE PERSONS OR TO OTHERS.

Subaru Service Bulletins are intended for use by professional technicians ONLY. They are written to inform those technicians of conditions that may occur in some vehicles, or to provide information that could assist in the proper servicing of the vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do the job correctly and safely. If a condition is described, DO NOT assume that this Service Bulletin applies to your vehicle, or that your vehicle will have that condition.

SUBARU OF AMERICA, INC. IS ISO 14001 COMPLIANT

ISO 14001 is the international standard for excellence in Environmental Management Systems. Please recycle or dispose of automotive products in a manner that is friendly to our environment and in accordance with all local, state and federal laws and regulations.
